# Waiver Process for Keeping Physical Locations Open Form

## Request for Waiver/Exemption to Business Closure

*IMPORTANT: If you have already submitted a request, please do not resubmit. Duplicate requests require another level of review and actually slow the process for all. If you have already submitted and received a confirmation email with an ID number, your request is moving through the review process and you will receive a response via email soon. Thank you for your patience.*

*Attention: Before requesting a waiver, please read the the Frequently Asked Questions document [available here](#).*

By the [order of Governor Tom Wolf](#), all non-life sustaining businesses in Pennsylvania are to close their physical locations as of 8 p.m. on March 19 to slow the spread of COVID-19. To request a waiver to keep your location open, please submit the following form. All decisions will be communicated by email and will balance public health, safety, and the security of our industry supply chains supporting life sustaining businesses.
